

Common frog

- Common frogs have **smooth wet skin** and **long stripy legs**
- They **jump** rather than crawl
- They have a **dark stripe from their nose**, through their eye and down their cheek
- Their **toes** on the back leg are **really webbed**
- They have a **circle behind their eye**. This is their ear drum
- They have **4 toes on the front leg and 5 on the back**
- They are **usually green or brown** but can be yellow, orange, red or even blue
- They lay their **eggs in big clumps**

Green Pathways supports young people with extra difficulties in their lives to improve green spaces for wildlife and people, and learn about and enjoy the environment. The project works in Peterborough, Fenland and Northamptonshire.
